

Using big data to estimate undiagnosed HIV infection and inform testing interventions in Alabama

We are recruiting people to participate in a

ONE-TIME, CONFIDENTIAL IN-DEPTH INTERVIEW

(45-90 minutes)

about your experiences with HIV testing in Alabama

We will reimburse you \$30 for your valuable time.

We are looking for people who:

recently took an HIV test

*

have never taken an HIV test

*

have not taken an HIV test in several
years
